## THIS HOME COULD BE YOURS AT HALF PRICE!

With the government sponsored GNND program you can purchase a home at half price! Not only is it an amazing price, you can also purchase your new home for only \$100 down.

There are only a few major qualifications for this program. First, you must work full time in one of the above professions. Second, you or a spouse can not currently own a home. Third, you must live in the home as your primary residence for three years.

This is a once in a lifetime opportunity so please contact me for further information and to verify your qualifications for the program. As a HUD approved broker I am able to assist you with putting in bids for these properties and answering any questions you may have.
